

My husband, 2 teenagers and I live in the small town of Arkadelphia, Arkansas. We listen to K-LOVE on 90.1FM. Our family & our local community would be at a great loss if K-LOVE were to be displaced by a LPFM broadcaster providing other programming. No local station provides the same family friendly programming. The music choices are not available locally, nor are the news perspectives. The caliber of professional broadcasting is unmatched in our area. I believe the service provided by K-LOVE is in the public interest. K-LOVE supports wholesome values & has a positive & encouraging impact on the communities across the nation. Lives are permanently changed for the better because of its programming. Attitudes are adjusted throughout the day as reminders go out 24/7 in music & speech. I believe people are kinder, more peaceful, & more compassionate because of K-LOVE's message. K-LOVE is listener supported. This fact alone demonstrates that people all across America want the services of their FM translator service.
